2017 COMMUNITY GARDEN AGREEMENT

If accepted into the 2017 Community Garden project, I agree to the following terms:

1. I understand that I am responsible for planning, planting, harvesting, and all other phases of gardening, including weeding. I agree to work cooperatively with the garden board, staff and other plot holders for a successful garden.
2. I will have my plot substantially planted by June 15th or I will lose my plot. I will attend the initial group meeting, clean up days and the group meetings as scheduled by the Community Garden Board.
3. I will keep my address, phone number and email current with the Community Garden Board.
4. I will notify Garden board immediately if I must abandon my plot during the growing season, regardless of the reason. I understand the Community Garden Board will reassign and clean out the plot as they see fit.
5. I agree to maintain my plot and surrounding common areas by keeping it watered, neat, weed free, and pest free as much as is reasonably needed.
6. I will notify the Garden Board if I see or have any problems with the garden. Open communication is the key to a Community Garden.
7. I will not hold liable the Campbell County Master Gardeners, University of Wyoming Extension Office, Campbell County, Town of Wright and its employees or any person associated with the Community Garden for any accident, injury or loss that may occur at the garden site.

8. I will clear my plot of corn stalks, all plant debris and all non organic materials (wire, string, stakes, rocks, plastic, etc.) by the designated deadline. If this is a difficulty, I will ask the garden board to arrange for help. This is for the purpose of tilling in the fall. I understand any gardeners who do not clear plots may lose their gardening privileges.

9. I understand I am responsible for the cleaning and return all equipment that I have removed from the shed. Tools are only to be used at the garden.

10. Any use of chemical pesticides or herbicides will be cause for immediate expulsion from the garden. Only approved organic pesticides can be used.

I have read, understood, and agree to abide by the Community Garden rules and regulations.
