

SCCAC Phase Three Electrical Request for Bid

The Town of Wright is taking bids for electrical service for the Phase Three Covered Stalls and Recreational Vehicle addition to the Southern Campbell County Agricultural Complex located in the Town of Wright, Wyoming. The bid will include 13 pedestals for Recreational Vehicle/self-contained horse trailers, power for two (2) 20 unit enclosed stalls which consists of lighting and limited exterior ground fault interrupter outlets, LED exterior lighting at each end of the covered stalls. The successful bid will submit a design along with the bid. A conceptual electrical layout is available for those who wish to participate in the bidding process. All electrical designs, materials and installations must be reviewed and approved by the State Electrical and Local Building Officials. The contractors design layout will need to be prepared by a Master Electrician or Electrical Engineer and approved by the State Electrical Official. The winning bid must familiarize themselves with the existing electrical system in order to properly design and submit a bid for this project. There will be no pre-bid meeting. Bids are to be submitted in a sealed envelope by no later than 4:00 p.m. Mountain Standard time on the 24th of June, 2017 to 395 Lariat Way, Wright, WY 82732. A copy of the plans may be obtained at www.wrightwyoming.com or at the Wright Town Hall 395 Lariat Way. Any Questions please contact SCCAC Manger Lyle Murdock at 307-680-9173.
